

**Disclosure of Financial Interest
In Healthcare Facility**

Your surgery has been scheduled at Center for Specialty Surgery, an ambulatory surgery center, which is located at 11782 SW Barnes Rd #200, Portland, OR. Specific information regarding the date and time of your surgery and pre-surgical procedures is provided in a separate document. The purpose of this letter is to inform you of some important facts regarding Center for Specialty Surgery.

Center for Specialty Surgery is specifically designed to accommodate surgical procedures which do not require the extensive facilities of a hospital operating room and for procedures which permit the patient to return home the same day. As a result, the utilization of Center for Specialty surgery is more economical than the utilization of a conventional hospital operating room and, as a result, is one recognized effective means of controlling the cost of providing medical services.

You should be assured that Center for Specialty Surgery is equipped with high-tech equipment and highly skilled professionals trained to provide medical care comparable to that received in an acute care hospital.

The Center for Specialty Surgery is owned by the Orthopedic & Fracture Clinic. Your physician is one of the owners of the Center For Specialty Surgery, LLC, Federal law restricts the ownership of ambulatory surgery centers to qualifying medical professionals and entitles all whom, by virtue of the medical services provided them, have vested interest in the operation of the surgery center. The disclosure of your physician's ownership in Center for Specialty Surgery is not required by law, but is made for the purpose of informing you of the circumstances regarding the operation and ownership of CSS. Should you have any questions or concerns regarding Center for Specialty Surgery, please feel free to contact us at your convenience.
